LYME DISEASE SPECIALIST
“ JUST ZAP IT “

VEGA - TEST RESULTS REPORT

Name: **XXX**

Date of test: **xx.xx.2018**

PARASITES	D6	D10	D12	D15	D26	D30	D60	Y	N	TBI	Frequency	Time	Order	Duration	Intensity
Macracanthorhynchus															
Hirudinaceus															
Diectophyme Renale															
Dirofilaria Immitis															
Dirofilaria Repens															
Dipetalonema Perstans															
Clonorchis Sinensis															
Schistosome Mansoni															
Schistosome Hematobium															
Schistosome Japonicum															
Schistosome Intercalatum															
Platynosomum Fastosum															
Necator Americanus															
Ancylostoma Duodenale															
Capillaria hepatica

VEGA-TEST COMPLETED BY: *Arthur Piotrowski*

VEGA TEST UK ACTIVE BIORESONANCE / RIFE LYME DISEASE SPECIALIST

Note:

The VEGA-TEST have been completed to confirm active infections in D6 Potential. The completed VEGA-TEST does not guarantee the presence of other pathogens in lower potential of D10, D12, D15, D26 or D30.

Explanation of potentials:

D0 - actual pathogen / substance

D1 - 1/10 of D0 added 9 identical volume units of 1/10 of D0 of clear alcohol

D2 - 1/10 of D1 added 9 identical volume units of 1/10 of D1 of clear alcohol

D6 - 1/10 of D5 added 9 identical volume units of 1/10 of D5 of clear alcohol

...

D12 - 1/10 of D11 added 9 identical volume units of 1/10 of D11 of distilled water

...

**VEGA TEST UK
ACTIVE BIORESONANCE / RIFE
LYME DISEASE SPECIALIST**

“ JUST ZAP IT “

LYME DISEASE CAN TRIGGER A CARDIAC ARREST IF UNTREATED ESPECIALLY IF POSITIVE WITH TRYPANOSOMA CRUZI.

IT IS OUR BELIEF THAT ALTHOUGH VERY MINIMAL THE TREATMENT OF LYME DISEASE REGARDLESS OF WHETHER CONVENTIONAL OR WITH ACTIVE BIORESONANCE - RIFING CAN HAVE A SIMILAR IMPLICATION.

YOU SHOULD DISCUSS YOUR VEGA-TEST RESULTS WITH A MEDICAL PROFESSIONAL BEFORE COMMENCING ANY FORM OF THERAPY OR TREATMENT. FAILURE IN DOING SO IS DONE AT THE FULL RESPONSIBILITY OF THE CLIENT / PATIENT.

BEFORE COMMENCING YOUR RIFE THERAPY PLEASE READ THE SECTION ABOUT [HERXHEIMER REACTION](#) ON:

<http://www.lymediagnosisandtreatment.co.uk/site/diagnosis-treatment/herxheimer-reaction.asp>

YOU ALSO NEED TO READ ALL ABOUT [SEPSIS](#) ON:

<http://www.nhs.uk/conditions/Blood-poisoning/Pages/Introduction.aspx>

YOU SHOULD DISCUSS THE BIORESONANCE THERAPY PROPOSAL WITH YOUR MEDICAL PRACTITIONER AS WELL AS HOW TO ACT IN CASE IF YOU EXPERIENCE [SEPSIS](#) OR [HERXHEIMER REACTION](#).

**VEGA TEST UK
ACTIVE BIORESONANCE / RIFE
LYME DISEASE SPECIALIST**

“JUST ZAP IT “

THE FOLLOWING RECOMMENDATIONS ARE THE MINIMUM DURING BIORESONANCE THERAPY:

1. Drinking plenty of clean water low in minerals (minimum 2 ltrs a day). Your lymphatic system will be under a huge strain of toxins removal. Hence it needs additional fluids required to circulate throughout your body.
2. Take absorbents substances to assist with detox - e.g. Enterosgel or Activated Carbon. There are many other substances - just simply make your own research and choice. It is important to increase the amount of water to avoid body dehydration as a result absorbent taking.
3. Switch to light vegetable diet. Avoid eating and drinking sugary products.
4. Eliminate alcohol, coffee, heavy food - e.g. fried / roasted and spicy / hot.
5. In case of Gut Dysbiosis use probiotic supplements to support the reconstruction of your gut flora essential in rebuilt of your immune system.
6. Take shower twice a day - in due process you will be helping your skin in cleansing from heavy toxins. **Do not confuse with have a hot bath - this will actually do the opposite effect as raising your whole body temperature will help with incubating more pathogens of those already dwelling inside your body.**
7. The new pathology characterises with 2 closely associated processes:
 - a) increase of infectious diseases caused by various pathogens and
 - b) the decrease of effectiveness of your immune system.

The SWEEPER assists with the fight against huge majority of pathogens, however the final fight must be completed by you own immune system. Therefore we recommend additional support - e.g. supplements and/or below programmes on SD Card.

**VEGA TEST UK
ACTIVE BIORESONANCE / RIFE
LYME DISEASE SPECIALIST**

“ JUST ZAP IT “

IN ADDITION TO ABOVE RIFE PRESCRIPTION WE RECOMMEND COMPLETING THE FOLLOWING PROGRAMMES DAILY:

- DRAINAGE OF LYMPHATIC SYSTEM
- DETOX (BASIC)
- IMMUNE SYSTEM - NORMALISATION
