D	We also offer to come and visit you in person (in case if your condition is too severe or you may have no means of transport).	Because every trip out of Norfolk would be different please call us up to discuss possible fees and other arrangements we may have to make - e.g. hotel, etc. In some circumstances we may be able to arrange a visit to more than one client. We would confirm in writing the cost of the services and we would seek your approval before asking for upfront payment.
